

Say no to the Lifewise lockout!

For more than a year, Lifewise homecare support workers have been asking their employer for **more sick and bereavement leave and guaranteed hours they can financially survive on.**

After taking strike action, now Lifewise, part of the Methodist Church, is threatening workers with a two-week lockout!

How can *you* support our Lifewise members?

- **Email Lifewise:** homecareservices@lifewise.org.nz
- **Tell them to give workers what they need:** more hours, more sick leave and their first collective agreement!
